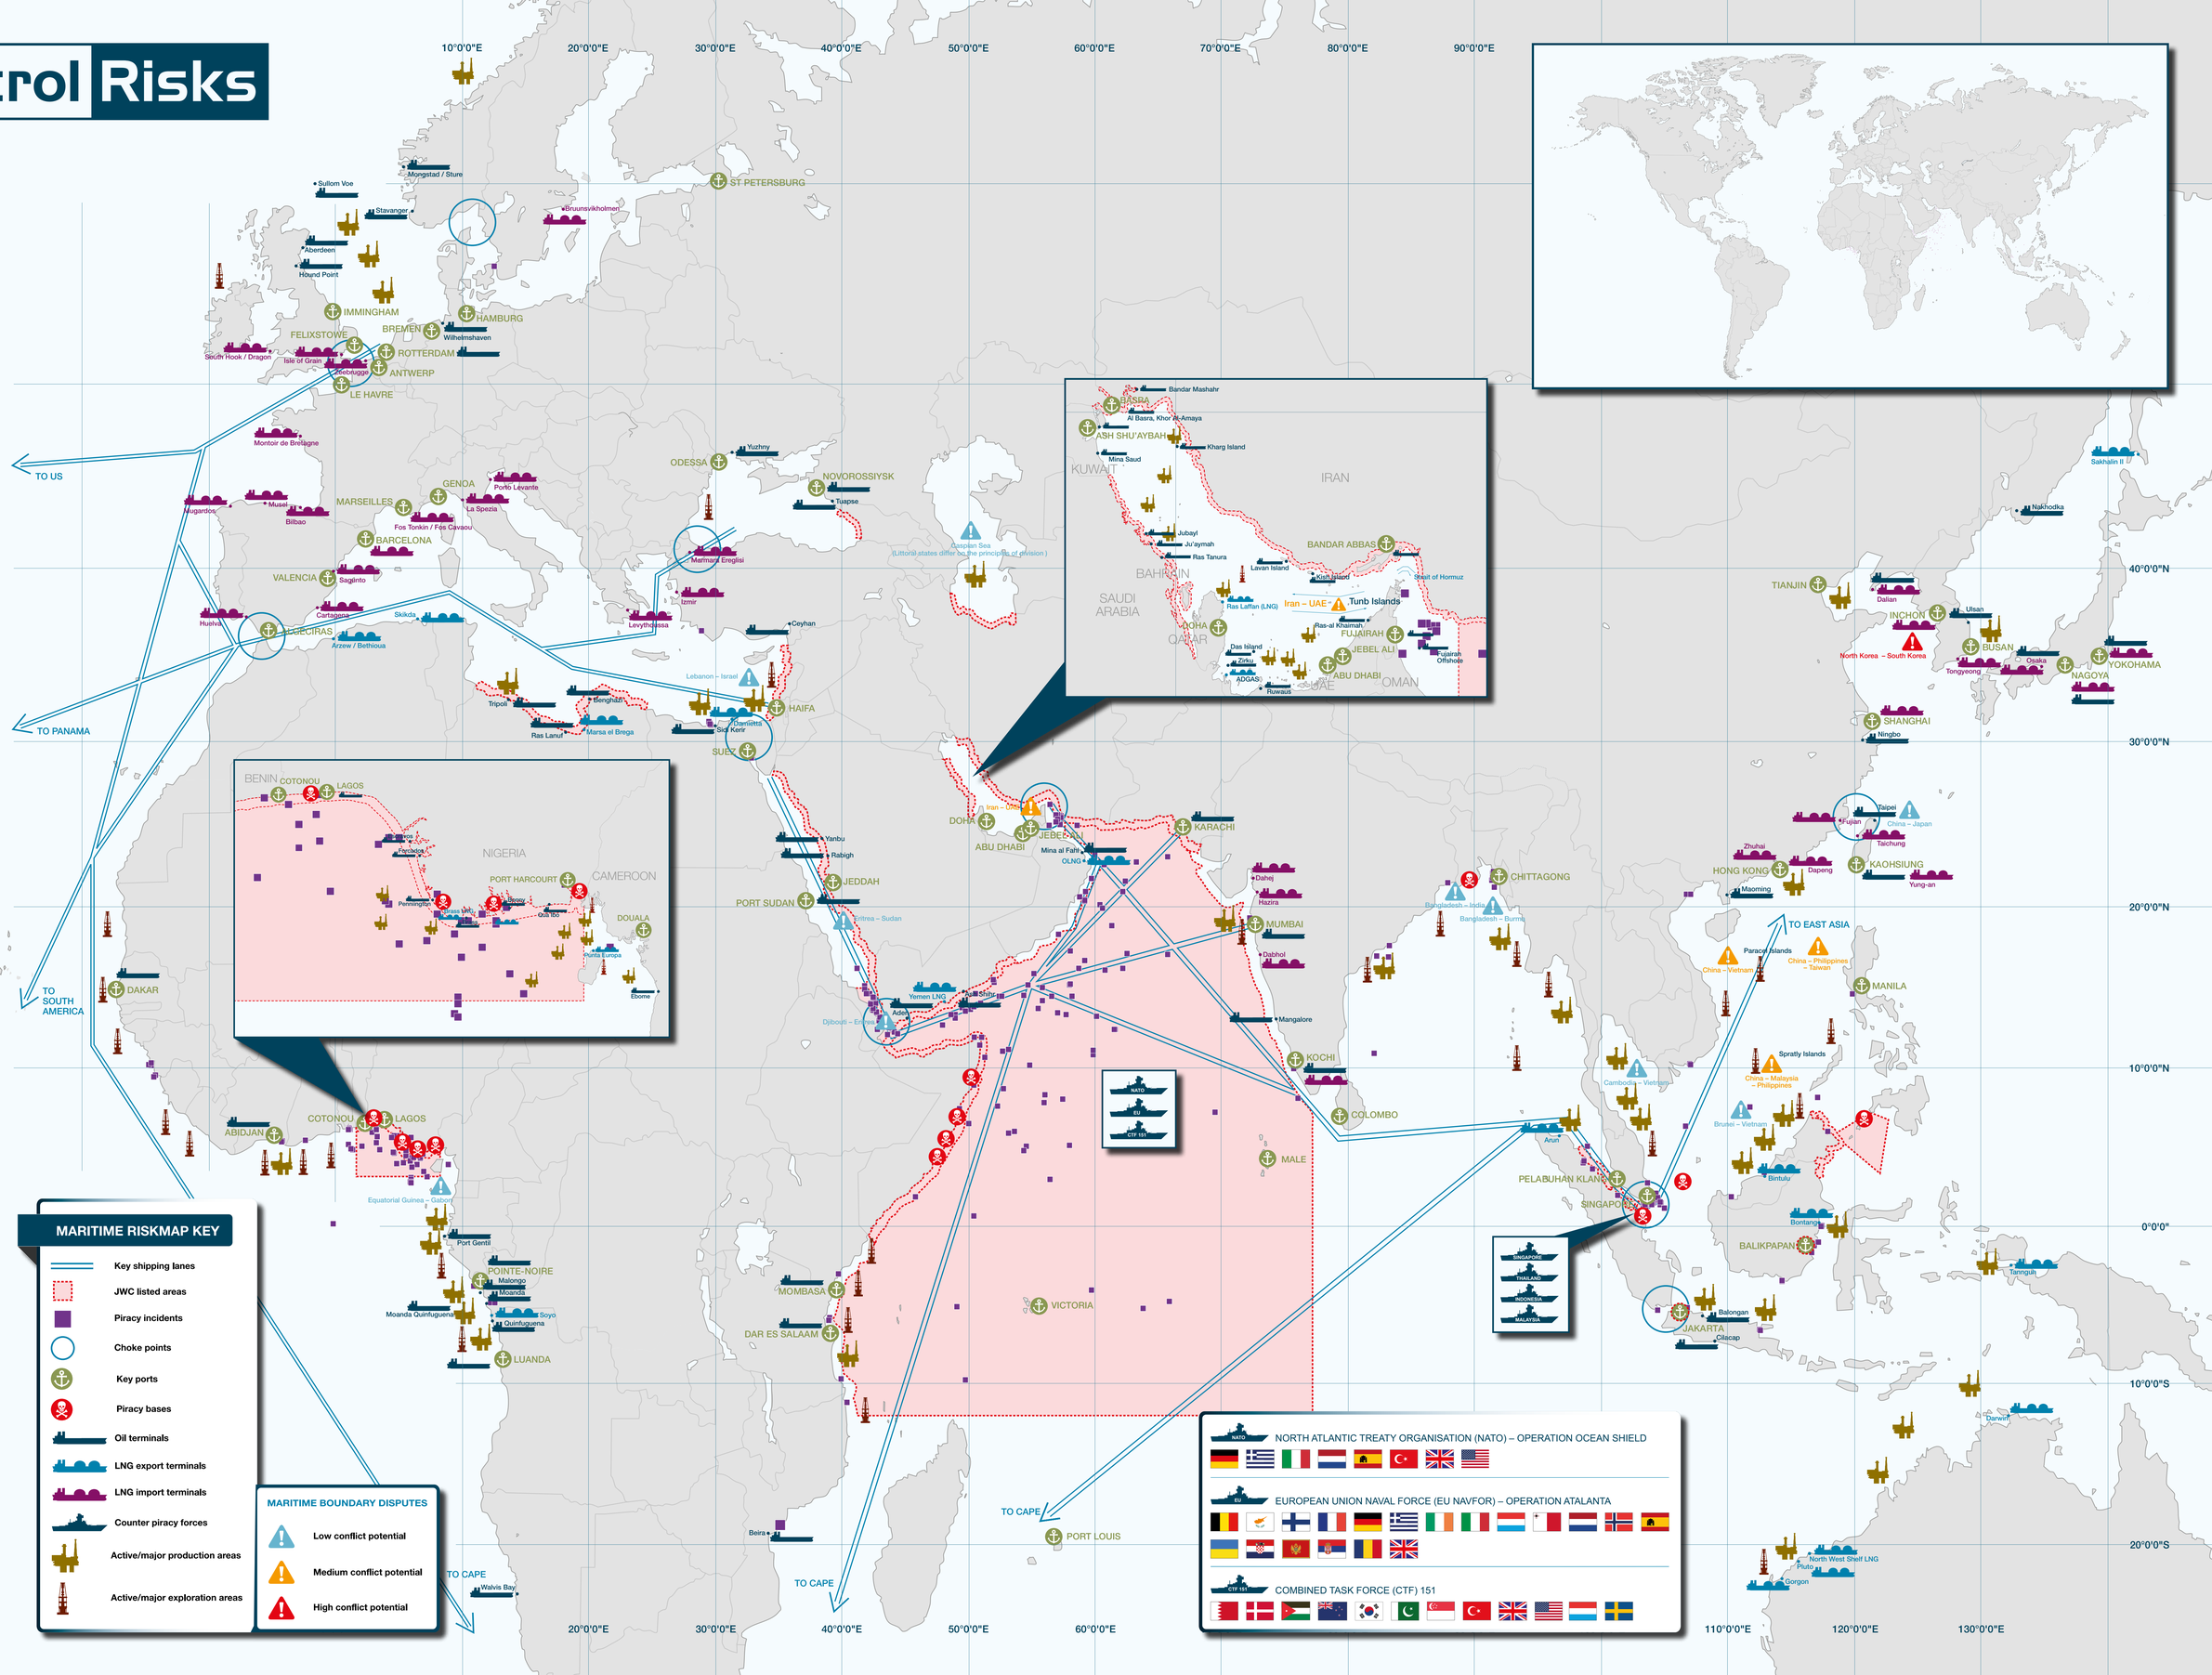
Control Risks

RiskMap Maritime 2013



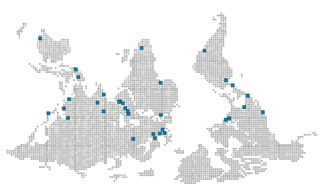
MARITIME RISK SERVICES

Control Risks is a global risk consultancy specialising in integrity, political and security risk. We help our clients to understand and manage the risks of operating in complex or hostile environments.

With over 20 years' experience in maritime security, Control Risks is your ideal partner to identify, assess and mitigate your risks in the maritime environment.

OUR SERVICES IN MARITIME SECURITY INCLUDE:

MARITIME RISK ANALYSIS	Control Risks' maritime information team provides expert research and analysis on maritime security issues such as piracy, terrorism, port security, robbery, theft and international naval disputes.
RISK ASSESSMENTS AND SECURITY PLANS	Clients can commission bespoke threat assessments and security plans on marine facilities and operations to assist with planning, training and implementing all aspects of maritime security and crisis management.
VESSEL SECURITY REVIEWS	Control Risks consults on counter-piracy security design and vessel hardening and undertakes vessel security reviews and audits to ensure compliance with BMP standards.
OFFSHORE MARINE SECURITY	We have substantial experience in the security design of ports, warehouses and offshore maritime operations to reinforce key assets.
COUNTER-PIRACY OPERATIONS	Control Risks has highly trained teams who deliver onboard security and advise, review, detect and delay before defending.
PIRACY INCIDENT MANAGEMENT TRAINING	We offer trainings designed to help clients manage the response to a piracy incident more effectively and with greater confidence.
KIDNAP AND RESPONSE CONSULTANCY	Control Risks is the world leader in resolving cases of kidnap, extortion and illegal detention, advising on all aspects of maritime hijack, kidnap communications and negotiation strategies.
MARITIME SECURITY ONLINE	Control Risks' Maritime Security Online is an information platform that provides up-to-date, predictive analysis of all events, trends and developments in the global maritime sector, designed to assist clients in identifying, assessing and mitigating key maritime risks.



Control Risks is the premier provider of security services to the maritime community. With over 20 years' experience, over 100 clients and a comprehensive suite of risk management services, we are ideally placed to meet the maritime security needs of our clients.

Our expertise has helped crews to stay safe, has reduced and avoided delays and cost overruns, kept insurance premiums low and assured stakeholders that company assets are secure.
