

Control Risks crisis management training

Spanish-language virtual workshops for kidnap incident management

Our virtual workshop will show you how to develop and maintain an effective and well-informed approach to managing kidnap-for-ransom cases. We provide an in-depth understanding of the decision-making requirements that must be made during a kidnap incident. Workshops are delivered by our expert instructors who have ample experience in kidnap management in the region, and feature theory-based learning, group discussion, challenges and role plays.

Delivery dates:

- ▶ December 10, 2021 – 0900 – 1800 CST (Spanish)

Note: Attendance is limited to 10 people

Our virtual workshops include:

- ▶ An overview of global kidnap-for-ransom threats and trends, focusing on areas of operation
- ▶ An understanding of the issues that attendees are likely to face in dealing with a kidnap
- ▶ The decision-making structure required to manage a kidnap incident
- ▶ Realistic role-playing exercises to enhance learning
- ▶ A focus on the key policy issues and particular challenges of family liaison, media management and dealing with authorities
