

Crisis Management Training 1-Day Kidnap Incident Management Workshop

Our kidnap incident management workshop engages participants in the management of a kidnap-for-ransom incident at a corporate level. Developed and delivered by experienced and expert consultants, this workshop provides participants with a detailed understanding of the expectations during a kidnap for ransom incident and supports clients in their planning for how to react, including policy, organisational, and detailed procedural issues. The workshop will support and develop participants decision making and accountability, before, during and after an incident.

Why choose Control Risks?

Our established international presence and unrivalled knowledge of diverse security and operating environments make us a recognised global leader in security, risk and resilience training, with a proven track record for delivering high-quality courses around the world.

We deliver training from facilities in Europe, North America, Latin America, East and West Africa, the Middle East and Central Asia and can conduct training directly at your facilities and project locations.

The training package includes:

- Types of kidnaps, global kidnapping threats and trends
- Getting organised to manage a kidnapping
- Decision making in a live crisis
- Interacting with kidnapers
- Family management
- Media management
- Finance, law enforcement and the authorities
- Release, recovery, and debriefing

1-Day Kidnap Incident Management Workshop

Our 1-day workshop will show you how to develop and maintain an effective and well-informed approach to managing kidnap-for-ransom cases. We provide an in-depth understanding of the decision-making requirements that must be made during a kidnap incident. Workshops are delivered by our expert instructors who have ample experience in kidnap management globally, and feature theory-based learning, group discussion and challenges.

Who should attend?

Designed for organisation for managers of operations in medium to high-risk environments, including:

- Board Members
- C-Suite
- Senior Managers
- Nominated crisis and incident management team members
- Security Professionals

Certification

Upon successful completion, candidates will be issued a Control Risks certification of completion.
