

## Intern, Global Risk Analysis

Control Risks is a specialist risk consultancy that helps to create secure, compliant and resilient organizations in an age of ever-changing risk. Working across disciplines, technologies and geographies, everything we do is based on our belief that taking risks is essential to our clients' success.

We provide our clients with the insight to focus resources and ensure they are prepared to resolve the issues and crises that occur in any ambitious global organization.

We go beyond problem-solving and give our clients the insight and intelligence they need to realize opportunities and grow. From the boardroom to the remotest location, we have developed an unparalleled ability to bring order to chaos and reassurance to anxiety.

---

**Our people** Working with our clients our people are given direct responsibility, career development and the opportunity to work collaboratively on fascinating projects in a rewarding and inclusive global environment.

---

**Location** Bogota, Colombia

---

**Duration** 4 to 6 months – Starting in September 2019

---

**Department** Global Risk Analysis

---

**Type of internship** Paid internship

---

**Job Purpose** The purpose of the internship program is to provide the university student with an opportunity to develop professional skills, gain practical experience, and gain exposure to Control Risks' business methodologies.

All this in a dynamic, demanding and rewarding work environment where she/he can put to practice the knowledge acquired during her/his studies and learn, while looking for solutions to real life problems.

---

**Project(s) the intern would be working on** The successful candidate will support the delivery of Control Risks' analysis of political, security, operational, integrity and social risks in the Andean region, with a focus on Colombia and Peru. Specifically, the successful candidate will support on research and writing of regular updates for Control Risks' online services offering, as well as for bespoke consulting reports.

---
