

Researcher, Compliance, Forensic and Intelligence

Control Risks is a specialist risk consultancy that helps to create secure, compliant and resilient organizations in an age of ever-changing risk. Working across disciplines, technologies and geographies, everything we do is based on our belief that taking risks is essential to our clients' success.

We provide our clients with the insight to focus resources and ensure they are prepared to resolve the issues and crises that occur in any ambitious global organization.

We go beyond problem solving and give our clients the insight and intelligence they need to realize opportunities and grow. From the boardroom to the remotest location, we have developed an unparalleled ability to bring order to chaos and reassurance to anxiety.

Our people

Working with our clients our people are given direct responsibility, career development and the opportunity to work collaboratively on fascinating projects in a rewarding and inclusive global environment.

Department

Compliance, Forensics and Intelligence

Manager

Associate Director, Compliance Forensics and Intelligence

Job purpose

The researcher will provide specialist desktop research and analysis of public record information in Colombia and the Andean region in support of the Compliance, Forensics and Intelligence department. This is an entry-level position in which continual learning about the company and market space is expected.

Tasks and responsibilities

- ▶ Conduct preliminary scoping research for the purposes of proposal preparation and provide support in project budgeting
- ▶ Conduct comprehensive database and media research for third-party due diligence, employment screenings and other work as required
- ▶ Analyze research results within the context of the project and occasionally support in the oversight of junior content and reviews

- ▶ Conduct review of electronic data (first-level review) in support of investigations/discovery processes
- ▶ Support in training of more junior resources and management of third parties on an ad hoc basis
- ▶ Conduct additional research as required for business development, meeting preparation, internal vetting requirements and other ad hoc needs
- ▶ Support with translation and versions of documents (cap-stats, case studies, graphs, etc.) for other teams and/or senior team members and provide administrative support in meetings and client calls

Knowledge and experience

Essential

- ▶ One or more years of professional experience
- ▶ Excellent verbal and written Spanish and English

Preferred

- ▶ Research and/or professional services roles preferred
- ▶ Experience with the use of corporate, media and other specialist databases is ideal but not essential
- ▶ Knowledge of the political, security and business environment in Colombia and the Andean region

Qualifications and specialist skills

- ▶ Undergraduate degree in social sciences or law
- ▶ Excellent computer skills
- ▶ Excellent verbal and written Spanish and English
- ▶ Ability to pay attention to detail even under time pressure or repetition
- ▶ Ability to process and understand large amounts of information, summarize, prioritize and present key findings concisely, and then effectively communicate these findings to colleagues
- ▶ Ability to maintain an analytical and investigative mindset while working through minutia
- ▶ Ability to work well on a multi-disciplinary and multi-cultural team
- ▶ Collaborative and receptive attitude to feedback and review of work
- ▶ Strong team player with the ability and willingness to respond to unexpected developments quickly and prioritize correctly

Behaviors

All employees are expected to display behaviors reflective of our company values:

Integrity and Ethics, Collaboration and Teamwork, Commitment to People and Professionalism and Excellence.

How to apply

If your qualifications, experience and aspirations match our requirements, email a cover letter and CV to:

Americas.Recruitment@controlrisks.com

The file name of your resume must include your name. Please specify the vacancy you are applying for, including the location, in the subject of the email.

Control Risks is committed to a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
