We help make journeys in challenging, complex, or unfamiliar locations, safer.

By pre-booking Control Risks vehicles when your personnel are visiting unfamiliar countries, you can be confident that they're in safe hands. Fulfil your duty of care obligations by providing secure transportation that prepares, safeguards and responds should the need arise.

No matter how straightforward or complicated the journey you need to arrange, we'll ensure that your team are safer, better protected, and more productive. Entrust their safety to experienced, professional drivers who have been carefully vetted and trained, using top-quality vehicles, maintained to the highest standard.
